

The Findlay Art League is pleased to offer a variety of youth art classes for 2011-2012. This year, the students will learn about the elements of art. Each month will focus on a different element of art. Students will explore new art techniques and media. They will create exciting projects while working with pencil, markers, paint, chalk, oil pastels, scratchboard, weaving and more.

## Findlay Art League Youth Art Program 2011 – 2012

### “ELEMENTS OF ART”.

**September: Line.** Learn about the infinite variety of lines in art. Line is essential as a concept to depicting objects and symbols, and defining shapes.

**October: Value.** Value is the degree of lightness or darkness on any area. Value is used as highlights, midtones, or shadows.

**November: Shape.** Shapes can be used to portray objects in many different ways. They can be geometric or organic. When lines form together, they make shapes.

**December: Texture.** Texture can be experienced from the surface of the materials used or in the way the media is used. Line and shading can be used to create different textures.

**January: Color.** Color has three characteristics. Hue is the shade, red, yellow, etc. Value refers to the lightness or darkness. Intensity refers to the brightness or dullness of a color.

**February: Form:** Form always has three dimensions, length, width, & height. Examples of these are, cubes, pyramids, spheres, and cylinders

**March: Space.** Space gives the illusion of depth. The use of positive and negative shape gives this illusion in a work of art. It can also be in the size of the objects drawn.

**April: Students** will create new projects while building upon their knowledge of the art elements.

**May: Students** will continue to work on new projects using the elements of art. Knowing these elements of art will enable the students to describe what they have done.
